Eleventh Hour Brewing Co.

Style: New England IPA
ABV: 6.6%
Hops: Vic Secret, Mosaic, Denali

Necessary Evil walks the line of New England style IPA without being a 100% juice bomb. It pours a slightly hazy, light copper color with plentiful, soft white head. It exudes strong notes of tropical fruits both in the aroma and flavor, including pineapple and mango. This fruity IPA is very drinkable and offers characteristics of the popular New England beers sans the opaque appearance.
