True to Voodoo's affection for hop-forward beers, Hazy Afternoon contains a bill featuring five sexy hops, all packaged in a sessionable, easy-drinking pale ale. It pours a cloudy, hazy, gold color with minimal white head and decent lacing. Aroma and flavors of pineapple, orange, tangerine, and melon are plentiful in this offering. Hazy Afternoon captures influences of the New England style with cloudiness, mild bitterness, and creamy finish. Fantastic summer beer!
